PROFESSIONAL MEDICAL, INC.

A Tradition of Quality, Value & Trusted Service Since 1968

To Our Valued Customer,

International Direct is an innovative sourcing division of **Professional Medical Supply, Inc.** that specializes in domestic and imported privately branded products.

We offer disposable products manufactured to our specifications and packaged under our **Compliance**, **Embrace** and **Reliant** registered trademark brands.

Some of our most popular products include high quality exam gloves (synthetic standard, stretch vinyls and nitriles, all of which are latex free). A diverse line of incontinence management products, moist and dry incontinent wipes, a variety of skin care management products, an exceptional diabetic management system and an assortment of cost effective plastic commodity items.

All of our products are highly competitive and comparable to many of the industry's premium brand names including Attends, Covidien, First Quality, Medline, Tena and more. Our customer base includes long-term care facilities, HME/DME and pharmacy dealers as well as specifically authorized truckload/volume purchasing redistributors throughout the United States.

This is our latest catalog, please note that we are proud and always interested in opportunities to work with domestic factories whenever possible. In this way, we can insure our branded products are the very best and are competitively priced. At the heart of our commitment to you is our promise to provide great service, improve care, save time and reduce costs.

PROTECTION MEETS PERFORMANCE

ProMed's comprehensive glove line is a perfect fit for your facility! From synthetic standard and stretch vinyl to nitrile, we have what you need to protect your residents and staff.

Embrace Nitrile Exam Gloves

Embrace Nitrile Exam Gloves provide the comfort, fit and sensitivity of latex gloves – with the peace of mind that comes with nitrile. Now it's possible to protect your residents and staff from the health risks and expenses associated with latex allergies without sacrificing performance.

Features

- Eliminate reactions to latex proteins and other conditions associated with latex glove use
- Guard against hand fatigue
- Chemical resistant and unrivaled against blood-borne pathogens and other body fluids
- Superior tensile strength
- Powder free
- Textured
- Ambidextrous

Embrace Synthetic Stretch Exam Gloves

Embrace Synthetic Stretch Exam Gloves are made from a quality polymer formulation and are latex free.

Features

- **150-count boxes** reduce order frequency and free valuable storage space while fitting in existing glove box holders
- Eliminate reactions to latex proteins and other conditions associated with latex glove use
- These comfortable gloves are also strong, flexible and durable

Item #	Size	Unit of Sale

Incontinence Management

IMPROVED COMFORT AND DIGNITY

Our exclusive Embrace and Compliance incontinence management products were designed to deliver best-in-class performance. They're available in multiple styles and absorbencies.

Embrace Adult Skin Caring Briefs

Breathable, cloth-like Embrace Adult Skin Caring Briefs feature an enhanced acquisition zone that provides dryness and comfort.

Features

- Compliance Better-Fit Comfort Tab System has flexible tabs that securely grip and hold the outer fabric and fasten and refasten anywhere on the durable side panels for easy application and a customized fit
- Compliance Skin Caring Dry-Dignity Fabric features breathable side panels and helps prevent skin irritation by increasing air circulation and reducing heat buildup
- High-Loft, Premium Non-Woven Dry-Dignity Acquisition Zone prevents leakage by channeling the void more evenly throughout the pad for extra absorbency while preventing gel block when a rewet occurs
- Gentle leg gathers provide added comfort and leakage protection (600-SCB Series)
- Inner and outer leakage barriers provide added comfort and fecal containment (600-SLB Series)
- Dual core rapidly draws in fluids and locks wetness away from skin
- Super-absorbency polymers control odors and improve surface dryness by encapsulating urine to keep the skin protected and dry
- Soft, quiet cloth-like fabric is similar to traditional underwear, providing comfort and dignity
- Ideal for changes when needed using a wetness indicator
- Discreet outer case

Blood Glucose System

Our Blood Glucose Meter provides the convenience of a no-code meter with the rapid, reliable test results you need. Designed with both caregiver and resident comfort in mind, it requires only a 0.5 µL blood sample size and has a large, simple-to-read display and easy grip shape.

Features

- Test results in just five seconds
- No-coding technology minimizes errors
- 250 test result memory
- Alternate site testing (forearm, palm, calf and thigh)
- Test strips utilize glucose oxidase, which is less likely to be influenced by the presence of other sugars
- Pre/post-meal flagging and 14-day averaging
- Four alarms (one post-meal alarm and three settable alarms)
- USB data download port
- Powered by two 3.0 V lithium batteries (included)
- WARRANTY: Five-year limited

Reliant Plastic Products

Our Reliant line offers a disposable cup to meet your every need. These cups are manufactured of strong, flexible plastic that is crack- and shatter-resistant. Our medicine cups feature easy-to-read graduation marks for ounces, drams, tablespoons and CCs and are rimless, making it easy to swallow medication right out of the cup. Our clear plastic cups all have ribs around the center for easy handling. Our largest cup has graduation marks from one ounce to eight ounces, enabling easy monitoring of fluid intake.
